"Our dear race, . . .

born without courage,

but very brave, . . .

Born with a flickering intelligence

What animal has

and yet with beauty in its hands.

made beauty,

created it,

Save only we? . . .

With all our horrors and our faults,

somewhere in us

there is a shining.

That is the most important of all facts . . .

There is a shining."

PRINCIPAL'S MESSAGE

We live in a world of extensive contrasts, extremes of prosperity and great differences of opinion. While prosperity is being enjoyed by many in our country, there exists extreme poverty and much hunger in some parts of the world. Peace exists here at home, but strife, suffering and death prevail in Vietnam and other war-torn countries. Even at home the civil rights and liberties of all are recognized in some sections of our great nation while in other localities they are the causes of school-segregation problems and serious riots with great destruction of property.

Changes are needed; they are necessary for the solution of these and the other serious problems of the times. However, to be effective and to avoid the creation of even greater problems in the future, careful studies, intensive evaluations, and serious planning must precede the decisions.

Our great country depends upon you, the Class of 1966, and the other graduates of our schools and colleges, to perform the tasks necessary to improve the conditions of our world today. Your responsibility is a great one. You have now, or will soon acquire, the necessary attitudes, and knowledge of methods to deal successfully with the business of today and the problems of tomorrow. Regardless of the career you may select, you will play an active part in your community and so in world affairs. Our future depends upon your willingness to serve.

Framingham South High School extends to you our most sincere wish for your success and happiness in the future.

Sincerely yours,

Ralph J. Martin

Class of 1966

PRESIDENT'S MESSAGE

We are very fortunate to have graduated into a world which is so eager to accept sound, young minds. However, anyone who is unprepared for this world will face many problems. That is why we realize these past four years have been such an integral part of our lives. The knowledge we have accumulated, the habits we have formed, and the attitudes we have taken will remain with us always. As we look back, we may think that high school was difficult at times, as it often was. But it was nothing compared to the challenge we are about to face.

At Framingham South we have received a fine education, thanks to the dedication of our administration and faculty. But the real job is up to us. If we have worked conscientiously, we should be prepared to meet the challenge imposed by life in a changing, unsettled world and to overcome it.

As we are about to open the door to that future which we have been so long anticipating, let us resolve to strive for success in all we attempt so that we may do our part for the betterment and peace of the world.

I would like to give special thanks to Mr. Martin for his understanding guidance, and to our very devoted class advisor, Mr. Edmond, for all his time and assistance. My sincerest gratitude is extended to each of you who contributed in any way—academically, athletically, or socially—to make our class one of the greatest ever, and especially for the pride and honor you bestowed upon me by allowing me to be president of the Class of 1966.

I wish you great success in all your endeavors, and a very happy future.

Sincerely yours,

Anthony P. DeSantis

In Appreciation

HUBERT EDMOND

An amiable and capable leader, he has always been eager to help our class. His careful planning and organization have been invaluable to us. With a firm hand and an understanding twinkle in his eyes, he has steered us steadily in the direction of success. He has been a spark of wisdom to our class—the spark that made us burn so bright.

The one that got away.

The 1965 Candy Sale, sponsored by the Student Council, was a great success. South students sold 3,800 pounds of fudge to earn approximately $1,100 for various charities.

Just a few of the more than 3,000 cans of food contributed to the Salvation Army and the 50 bags of clothing sent to the Save the Children Federation.

And away we go! In addition, the homerooms "adopted" fifty-two less fortunate families and made their Christmases a little brighter with presents. Similarly, in March, the homerooms sent packages to local servicemen fighting in Viet Nam.

American Field Service Program

I don't know how to start because my mind is full of so many wonderful memories . . .

It is hard to accept the fact that a year has passed. So at this time, at the end of the school year, I am happy to get the opportunity to thank everybody who made this year a wonderful experience for me.

I must at once say that the positive attitude of the students is very important for a foreign student, and without the support and interest of the student body the A.F.S. would not exist. The students of F.S.H.S. are very friendly and excellent hosts, and I am sure that when other foreign students come, they will win such excellent friends as I did.

Living with an American family and going to school with American teen-agers has helped me to better understand the meaning of the American Field Service motto:

"Walk together, talk together,
O ye peoples of the earth;
Then and only then shall ye have peace."

I would like to conclude with an expression we use in Peru:
"Mi casa es tu casa."—"My house is your house."

Teresa Perez

Theresa's family (1958): Front: Teresa, July, Carol; Back: Federico, Mrs. Perez, Mr. Perez, Mary. (Marthita was absent when the picture was taken.)

Our dear race, born without courage, but very brave,
Born with a flickering intelligence and yet with beauty in its hands.
What animal has made beauty, created it, save only we?
With all our horrors and our faults, somewhere in us, there is a shining.
That is the most important of all facts. THERE IS A SHINING.

Congratulations to the Class of 1966

We know the sigh of relief that comes at the end of your final exam. Long years of study behind you, and a big wide world ahead.

But even at that it isn't the final test—or the end of your learning. The biggest tests still face you in the choice and fulfillment of your life's work.

Many plan for college, some must reckon with the armed forces. Others will seek positions in industry, trade, business. We, at Dennison, congratulate you on your past accomplishments; if your future plans call for steady employment or summer work, we'll be glad to discuss your problems with you.

Our Employment Department will welcome the chance to outline opportunities existing in our offices, factory, and warehouse.

Before you accept that first job . . .

Look over your employer as carefully as he does you

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone Company . . . New England's largest employer.

Why not talk with our employment interviewer soon . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
